

## Network Meeting “Risk Communication: Between social marketing, dialogue and raising risk literacy”

---

WF-EMF- COST- FSM

### Objectives

The aim is to elaborate the WHO research recommendations and to share the experiences from various national EMF research programs on risk communication. Furthermore, it is planned to compare these insights with findings on health research reporting provided by scholars of evidence-based medicine.

Day 1 : 30.8.2011 , Berlin 10178, Anna Luisa Karsch Str. 2, Second Floor, HGF

Time	Topic	Suggested speaker
9.30 -10.20	Coming together	
10.20- 10.45	Welcome address and introduction to the workshop	P. Wiedemann, M. Moser, G.Dürrenberger
Part 1: State of affairs		
10.45-11.15	Risk communication: A magic bullet in scientific controversies?	Statements by S.Dohle, F. Börner and K. Sachse
11.15-11.30	Current trends in technology related risk communication research: Topics and methodology	M. Siegrist
11.30-11.45	Current trends in medicine related risk communication: Topics and methodology	I. Mühlhauser
11.45 - 12.30	Discussion	
12.30 - 14.00	Dinner	
Part 2 Experiences: Towards better risk communication		
14.00- 14.15	The Dutch RF EMF research programme	E. van Rongen
14.15- 14.30	Research activities in France	M. Poumadere
14.30- 14.45	The German Mobile Telecommunication Research Programme (DMF)	Chr. Pölzl
14.45-15.00	The Swiss EMF Research Programme	M. Brauchbar
15.00-15.30	Discussion	
15.30-16.00	Cafe	
Part 3 Stakeholders' view		
16.00-16.50	Statements by agencies, regulators, industry, NGO and consultants: What RC issues need more research?	Th. Barmüller , Ray Kemp, M. Moser, Louis Slesin, and E.Vogel,
16.50-17.30	Discussion	

Day 2: 30.8.2011 , Berlin 10178, Anna Luisa Karsch Str. 2, Second Floor, HGF

Time	Issue	Suggested speaker
Part 3: Brain storming		
9.00-9.20	WHO recommendations for RF EMF	NN
9.20-12.00	Risk communication research: What is needed? Collection of topics (TED supported) + discussion	All participants (preparation and chair: P. Wiedemann & G. Dürrenberger)
12.00-13.00	Lunch	
Part 4: Quality assurance and outreach		
13.00-13.30	Methodological requirements for evidence based risk communication strategies	Statements by M. Brennan, H. Schütz and B. Sjöberg
13.50-14.20	Discussion	
14.20-14.50	Dissemination of good risk communication research into practice: Guidelines and other tools for dissemination	Statements by H. Gothe , A. Epp, Sh. Kendel
14.50-15.30	Outlook: An evidence based risk communication network for better research?	K. Broman & Peter Wiedemann
15.30	End of the workshop
